Dear Fellow State Employees:

The freshly restored State Capitol is an inspiring work of art in which Montanans can take great pride. The grand staircase has been restored to its original magnificence with the return of the barrel-vaulted stained glass overhead. Fine woodwork and elaborate wall detail bring warmth and a western sense of grandeur. The best of Montana's resources and craftsmanship are evident in every corner of this special place.

As Karl Ohs and I establish a new administration, I am reminded as I walk these historic halls that the best of Montana's history must be preserved, even as we endeavor to adapt to a fast-changing world with modern demands for better technology and diversity for our economy.

I look forward to working with you to make Montana ever stronger, ever more responsive to the needs of every individual, and better prepared to host the hopes and dreams of its people. It is a blessing and privilege to continue with you, serving the people of Montana.

Sincerely,

Judy Martz

SERVICES FOR CUSTOMERS WITH DISABILITIES

Montana Relay Service

Montana Relay Service is a communications service that links deaf, hard of hearing, speech-impaired, and hearing people via the telephone. To use this service, dial the appropriate number below. Give the agent the number you would like to call, and he or she will stay on-line to relay the conversation. You can talk directly with the person you are calling. All calls and information are confidential. This 24-hour relay service is provided at no cost to callers. Long distance calls will be billed accordingly.

STATE TELEPHONE NETWORK (STN) USAGE

The state's telecommunications facilities are provided for the conduct of state business. In addition to state business, the state's telecommunications facilities may be used by state employees and officials for local and long distance calls to latch-key children, teachers, doctors, day care centers, baby sitters, and family members to inform them of unexpected schedule changes and other essential personal business. The use of the state's telecommunications facilities for essential personal business must be kept to a minimum and not interfere with the conduct of state business. Essential personal long distance calls must be collect, charged to a personal third-party number, or charged to a personal credit card.

The state's telecommunications facilities include any state-owned, leased, contracted for, operated, or maintained telecommunications equipment, services, or facilities, including private branch exchanges, telephone key systems, teleconferencing systems, local and long distance telecommunications circuits, cellular telephones, data communications equipment, video capabilities, land mobile radio equipment, telephone credit cards, facsimile equipment, and voice mail.

All in-state and out-of-state calls made on the State Telecommunications Network (STN) are billed to the originating state telephone number.

TROUBLE REPORTS

Report telephone service or equipment trouble conditions to 444-4455. There is no charge for repairs unless work is performed after normal business hours. Report data network or LAN problems to 444-2000.
Report Cellular telephone service or equipment trouble conditions to 800-473-2946 Ext.3

STATION ADD/MOVE/CHANGE REQUESTS

GENERAL INFORMATION

Telephone Service Request (TSR) forms are required for installation, modification, removal, or other changes to your service. Requests must be submitted through your telephone coordinator. TSR's should be submitted to the Telecommunications Operations Bureau at least 15 days prior to date of change. This will allow both technical and financial options to be reviewed and ensure accurate processing of the service request.

Telecommunications technicians are the only authorized personnel having permission to unplug, plug in, move, and take apart telephone equipment, modular cords, and jacks. Conduit or raceway is required for all new telephone jacks.

CONFERENCE CALLS

There are five ways in which conference calls can be made:

1) Single-line phones can be used to set up a three-party conference call: Call the first party, and when they are on the line, flash the hook switch; after the three beeps and dial tone, dial the second party; announce the conference; flash the hook switch to connect both to you.

2) Multi-line sets can be used to set up a six-party conference; however, the conference is limited to three off-capitol complex conferees in the following manner: Call the first party, and when they are on the line, press the Conf 6 button; after the three quick beeps and dial tone, dial the second party; announce the conference; press the Conf 6 key again to connect all three of you; repeat for the additional calls.

3) Purchase a speaker phone attachment for your electronic (SL-1) telephone. This speaker allows people in your office to hear the conversation. You can make one call or conference in up to five additional calls on the phone. Your telephone coordinator will assist with this.

4) For larger rooms and more people participating, borrow a telconference unit from the Network Technology Services Bureau (call 2586) to be used in your office or a conference room on the capitol complex (you must use a single-line jack). The instructions for use are included with the equipment. This system works well when a group of people in a room want to talk to one person off campus, such as during a job interview. A large speaker sits in the center of the table so that all people can participate in the conversation.

5) A Meridian Integrated Conference Bridge (MICB), 50 ports, located in the Mitchell Building Capitol Operator Station offers three types of calls: (1) MEET- ME - all participants call either a toll-free or local calling number at a pre-designated time and are automatically connected to the conference; (2) GROUP CALL-OUT - the conference chairperson calls into the conference bridge and by manipulating a code on the telephone pad, initiates the conference bridge to dial out to the conferees; or (3) OPERATOR ASSISTED -all persons involved are called by the operator, the chairperson first, and conferenced together one at a time. To schedule a teleconference call **444-2586**.

See following page for usage and setup charges.

Conference calls using the bridge should be scheduled with as much advance notice as possible. Changes to your teleconference may be made up to 60 minutes prior to the scheduled start time.

NTSB has added 800 Toll Free Calling capabilities to the conference bridge to support multi-party conference requirements. Meet–Me conferences using the new 800 services will be charged $0.11 per minute for each 800 line requested. Toll charges for Operator Assisted and Group Call-Out conference are based upon the state's current long

distance calling rate of $0.14 per minute for all long distance connections.

SETUP CHARGE. Based on the number of participants per conference, the following setup charges will apply.

Number of Participants	MEET- ME	GROUP CALL-OUT	OPERATOR- ASSISTED
1 to 5	$10.00	$15.00	$20.00
6 to 10	$20.00	$25.00	$30.00
11 to 15	$30.00	$35.00	$40.00
16 to 20	$40.00	$45.00	$50.00
21 to 25	$50.00	$55.00	$60.00
26 +	$60.00	$65.00	$70.00

GENERAL INFORMATION

LONG DISTANCE COSTS

All long distance invoicing is prepared by the State Telecommunications Operations Bureau in Helena and then distributed and billed to various agencies monthly.

State long distance direct dialed intra-state and inter-state calls are billed at $0.14.5 per minute days and $0.10 per minute nights, weekends and holidays. State 800 calls are billed at $0.11 per minute. State international call rates you may call 444-2586. Credit card calls are discounted 25% of SPRINT rates.

TELEPHONE CALLING CARDS (Business Only)

Credit cards are distributed by the Network Technology Services Bureau. Contact the Network Technology Services Bureau Bureau at 444-2455 with your questions. Requests for credit cards should be submitted through your agency telephone coordinator to the Network Technology Services Bureau Bureau. Invoicing is included on the State Telecommunications long distance telephone bill.

TO USE THE SPRINT VPN FONCARD CREDIT CARD (gold State of Montana logo in the upper left-hand corner):

IN-STATE: Dial 800+877-8000, receive dial tone, dial 0+406 plus the 7-digit number you are calling, then enter credit card PIN number when prompted by the tone.

INTER-STATE: Dial 0+800-877-8000, receive dial tone, dial 0 plus the number you are calling (including area code), then enter credit card number and PIN number when prompted by the tone.

INTERNATIONAL: Dial 8+1+800+877+8000, listen for tone. Dial 01 + country code + city code + local number, then enter credit card number and PIN number when prompted by the tone. Please remember that not all international calls can be directly dialed, so you must call the Sprint operator. Your credit card will also work from a foreign country to the USA.

To make more than one call, do not hang up after the first call; press the # button for 2 seconds and enter the next number you wish to call: there is no need to re-enter your card number.

TELEPHONE DIRECTORY CORRECTIONS

Telephone System Information and Departmental Listings - Call or write to the Network Technology Services Bureau, 444-2586.

Individual Listings and Staffing by Department - Request your agency telephone coordinator submit the Personnel Directory Form to the Network Technology Services Bureau. The corrections will be entered in the telephone operator's computerized directory immediately and be used to update the printed directory.
